

## Rules for Betting on Numbers - Lucky G2, Lucky G3, Lucky G4 and Lucky G5

- (1) Games Lucky G2, Lucky G3, Lucky G4 and Lucky G5 are bets on numbers that are drawn in the Lucky G game, all the results are published on the website of the official organizer (OPAP - [www.opap.gr](http://www.opap.gr)), posted in the section of the website showing the unsorted results (in the order in which the numbers are actually drawn).
- (2) Bets on numbers extracted in Keno game do not assume direct participation of participants in keno games from the offer proposed by the Bookmaker.
- (3) Twenty (20) numbers are drawn from the total 80 available numbers (from number 1 to number 80).

(4) The numbers are drawn at intervals of approx. five minutes, from 8 a.m. to 10.55 p.m. (5) Player can bet on certain amount of numbers:

In the game Lucky G2 the player must choose two numbers in the range from 1 to 80.

In the game Lucky G3 the bettor must choose three numbers in the range from 1 to 80.

In the game Lucky G4 the bettor must choose four numbers in the range from 1 to 80.

In the game Lucky G5 the bettor must choose five numbers in the range from 1 to 80.

(5) A ticket will be considered winning only if all the numbers that player selected are drawn during the given round. The amount of possible winnings depends on the stake multiplied with the odd of the last number hit (ie. for Lucky G4 if the last number player selected was drawn on the 8th spot, the stake is multiplied with 2,000).

The odds, pursuant to the ordinal number, are displayed as follows:
